# Final year students win at iHack 5.0

Team Testing123 of PrabhathBandara, KaveeshaDilshani, Chamara Gunarathne and ShehanPerera has been able to emerge as the 1st runner up at iHack 5.0 Inter-University hackathon organized by University of Colombo School of Computing ISACA Student Group. 15 teams have been sorted out by considering all the project proposals submitted and the top 5 teams were selected to the final round after 24 hours of software development. The event was held on the 26th and 27th of October at the UCSC premises.
